

A real time goal tracking tool to help you and your team manage priorities in the remote workplace.

Goal Tracker is an intuitive, easy to use app that helps you to:

- Align organisational strategy to team goal setting.
- Provide structure and rigour to your team WIP meetings.
- Define each team member's goals and greatest challenges.
- Agree key measures of success and track performance/progress over a 90-day cycle*.
- View progress via personalised individual & team online dashboards.
- Monitor team confidence through a barometer that gauges how individuals are feeling.
- Ensure focus and commitment to the priorities of each team member.

* You can choose the duration of the goal period to suit your needs e.g. 90-Days; 180-Days etc.
