

A coaching program that guides you with NFP expertise and experience that also connects you to the sector.

Exclusively for senior leaders and managers, the NPA Coaching Program is a personalised learning and mentoring journey focused on developing the individual leadership skills and expertise of managers who are wanting to enhance their capability and/or move up in the sector.

#### You will benefit from:

- **An experienced non-profit coach** who will work alongside you to help you to identify and reach your personal leadership objectives and help address your areas of development, while holding you accountable to achieve your goals.
- **NPA Keynote & Roundtable Series** - complimentary access to guest speakers who are experts in their field (both from the non-profit and corporate sectors).
- **Leadership Strengths** - A comprehensive understanding of, and ability to maximise, your personal leadership strengths, using the personal emotional intelligence [CAPP Strengths Profiler](#) that provides a positive platform for professional development.
- **Goal Tracker:** A real time online tool to measure monthly progress against organisational goals.
- **News & Views** updates to keep you abreast of what's happening in the sector and in leadership.
- **Networking opportunities** with NPA Leadership Hub Members and other NPA coaching clients at the guest speaker events.
- **Innovative and practical solutions** to everyday issues and challenges.
- **The opportunity to grow** your commercial acumen and your confidence.
