

A monthly facilitated 'Leadership HUB' program that centres on peer2peer mentoring; 1on1 coaching; NFP expertise and sector collaboration.

Exclusively for CEO's and senior executives, the NPA Leadership HUB Program is a unique opportunity to surround yourself with like-minded colleagues that understand your role and the challenges of leading a NFP organisation.

A practical opportunity, every month, to bring real-life issues to the table in a trusted and confidential setting and grow your leadership strengths, confidence and commercial acumen.

You will benefit from:

- **An experienced non-profit Chair** – a professional facilitator and your personal coach who will work alongside you and hold you accountable to your leadership goals.
- **NPA Keynote & Roundtable Series** - access to quality content and speakers who are experts in their field - both from the non-profit and corporate sectors.
- **Leadership Strengths** – as identified through your *CAPP Strengths Profile*, to provide a positive platform for your personal and professional development.
- **Goal Tracker** - A real time online tool to measure monthly progress against implementation of your organisational strategic goals. Complimentary licenses for you and your team.
- **News & Views** – the latest updates to keep you abreast of important developments in the Australian social sector and thought leadership.
- **Networking** opportunities with NPA Leadership Hub Members, Chairs and other NPA coaching clients.
- **Commitment to practical solutions** to everyday issues and challenges – you can bring your issues to the table for peer support.
